## Summary

"Enthusiastic and motivated Full Stack Java Developer with 6 months of experience in both front-end and back-end development. Proficient in Java, HTML, CSS, Bootstrap, JavaScript, and MySQL, with expertise in JDBC, Servlets, JSP, Spring Boot, Spring MVC, and Spring Core. Skilled in developing and maintaining web applications, with a strong focus on responsive design and user experience on the front end, alongside robust API integration and efficient server-side logic on the back end. Familiar with RESTful APIs, version control (Git), and committed to problem-solving and effective team collaboration."
